## NOTIFY FRIENDS ABROAD.

If you have any friends in other States whom you might interest in South Florida, thereby causing them to settle in our fertile section, don't fail to write them regarding the great South Florida Fair, asking that they take advantage of the low rates offered and come down and spend twenty-one days in the Paradise of Flowers. The rates of \$30 for the round trip from Ohio river points, including such cities as Cincinnati, Louisville, Evansville, St. Louis and others, and of \$50 per cent. of one fare for the round trip from other sections, go into effect November 15. If you are not in position to write send the names and addresses to President T. J. L. Brown, of the South Florida Fair Association, Tampa. He will see that they get all the advertising matter needed. Don't delay this important work.

Nothing ever seen south of Atlanta, will equal the carnival and amusement features of the South Florida Fair and Midwinter Exposition, Tampa, November 14 to 26, inclusive. The Fair Association guarantees more and better amusements than have ever been seen in Florida before.

## ROCKEFELLER'S TROUBLES

During the past few years the newspapers have from time to time contained items referring to the baldness and dyspepsia of John D. Rockefeller. As one result of these notices it is said that Mr. Rockefeller has been literally bombarded with hair lotions and anti-dyspepsia preparations. Not only have the remedies been sent to him from all over the United States, but of late pretty nearly every steamship arriving from Europe has brought a package of some sort of nostrum addressed to the oil king. In the unexplained stores warehouse in New York at the present time there are various packages of bottles and jugs containing hair preparations and peppin compounds, addressed to Mr. Rockefeller. And yet there are some people who say advertising doesn't pay. —Miami News.

Annual re-union of the Confederate Veterans of Florida will be held in Ocala Nov. 1st to 3rd.

## Chamberlain's Cough Remedy.

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by all druggists.

LOWNEYS  
Chocolate Bonbons.  
FOR SALE BY  
B. M. WADE & CO.

## COMPLEXION.

A clear, healthy complexion is a person's highest social or business asset. Protracted exposure and the smoke-laden air of cities alike are prejudicial to a fine complexion. The modern remedy, HANCOCK'S LIQUID SULPHUR, enlivens the facial skin, renders it active in discharging all waste material, imparts a natural bloom of ruddiness and white—the standard of healthful beauty. HANCOCK'S LIQUID SULPHUR cures diphtheria, eczema and a large class of prevalent disorders, as noted in free booklet mailed on request by Hancock's Liquid Sulphur Co., Baltimore, Md.

## SEND FOR A LIST.

Exhibit lists of all South Florida products to be shown at the South Florida Fair, to be in Tampa Nov. 14-26, inclusive, are now being rapidly distributed and all who desire these lists may secure them in any quantity by addressing President T. J. L. Brown of the South Florida Fair Association, Tampa, Fla. Thousands have already been sent to those desiring to exhibit and if you have not secured them don't fail to request headquarters. Agriculture, horticulture, live stock, mineral, woman's work of every variety, art, antiques, industrial and other exhibits are included.

Gen. Nelson A. Miles says Parker is going to be elected president of the United States at the coming election.

## A Love Letter

Would not interest you if you are looking for a guaranteed Salve for Sores, Burns or Piles. Otto Dodd of Ponder, Mo., writes: "I suffered with an ugly sore for a year, but a box of Bucklen's Arnica Salve cured me. It's the best Salve on earth." 25c at all drugstores.

Are you going to the South Florida Fair and Midwinter Exposition, Tampa, November 14 to 26, inclusive? Cheap rates from all points in Florida and from every state in the Union. From all reports it will be the most largely attended and most successful fair ever held in Florida.

## Sentinel Reporter.

Don't object when the boys want to go in swimming. A young man who recently fell asleep on a railroad bridge was struck by an engine which broke his arm and pitched him into the river. He swam ashore. If he hadn't gone swimming a good deal and learned how to float with his toes and fingers up, to swim with one hand tied to his body, and to do the various other stunts that are well known in the boy world, he would have been a death notice instead of a wonderful escape.

Ocala Banner.—Turpentine men are still raking in the glittering golden sheekles; ditto the lumber men; ditto the phosphate miners; ditto the orange growers; ditto to nearly every one who seeks shelter in the soft, balmy atmosphere and under the blue, cerulean skies of Florida.

The banana produces to the acre forty-four times more food than the potato and 130 times more than wheat.

Many of the farmers of Columbia County have such abundant corn crops, this season, that additional barns have had to be built to store it in.—Florida Index.

## Broke Into His House.

S. LeQuinn, of Cavendish, Vt., was robbed of his customary health by invasion of Chronic Constipation. When Dr. King's New Life Pills broke into his house, his trouble was arrested and now he's entirely cured. They're guaranteed to cure. 25c at all drug stores.

Mr. Samuel Davis brought in from Kissimmee Island the past week 12,000 pounds of wool and sold it to a northern buyer for over \$500. This wool was clipped, stand, from sheep owned by Davis.—Courier-Info.

## THE ART OF FACE WASHING.

[Written for THE HERALD.]

The young reader of THE HERALD who desires to learn a few items regarding the care of her complexion, has struck the keynote to success in wishing to make a good appearance, for no matter how perfect the features may be, if the skin or complexion is not good we cannot be called healthy, while many women who make a good appearance have no beauty except a clean, lovely complexion and a good expression.

As long as there are women in the world there will be complexions to worry about. Very few seem to know how to wash their face. They can take a bath all right, but face washing is an art. Washing the face every night in hot rain water that has been boiled to soften it, followed by cold water and a gentle massage will undeniably smooth out all inelegant lines and greatly retard the formation of new ones.

Every night before going to bed a short time should be devoted to the facial bath. You say that you have those blackheads and a few pimples. If so, go to work at once to remove them. A face specialist told me the following method would remove all such blemishes: The first thing to do is to rub in well a little olive oil and let it remain ten minutes, then wash it off in hot boiled water and use pure soap with plenty of friction. Rinse in hot water until all traces of the soap are gone, then dash on plenty of cold water, with a little benzine thrown in, as it acts as a tonic to the skin. Dry the face good, rubbing upward toward the ear. Then dust well with Meunier's borated talcum powder, as it softens the skin and is the very best powder to use. You will make a mistake to use any other toilet powder as so many of them are unsafe and injurious.

## Case of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin, as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one-third the time required by the usual treatment. It is for sale by all druggists.

## If you want to raise your boy for the penitentiary, the recipe is very simple.

When he doesn't want to go to school, let him loaf. When he gets into some mischief and your neighbors report it to you, curse them in the presence of the boy. When he gets a little larger and purloins something of value, and you find it out, laugh at him and let it go at that. When he gets into something that takes him into the justice court and he is found guilty and fined, pay the fine, curse the court, the jury and every person connected with the matter, and pity the boy.—Boonville Plaudesaler.

## Many Mothers or a Like Opinion.

Mrs. Palmer, of Cordova, Iowa, says: "One of my children was subject to croup of a severe type, and the giving of Chamberlain's Cough Remedy promptly, always brought relief. Many mothers in this neighborhood think the same as I do about this remedy and want no other kind for their children." For sale by all druggists.

## Congressman Sparkman seems to have things all his own way in the First Florida District.

and the wailing and howling of his constituents.

## Save Two From Death.

"Our little daughter had a fatal attack of whooping cough," writes a mother of Arkansas.

## AN APPEAL TO PATRIOTISM.

To The Democrats of Florida:

The undersigned have been appointed a committee for the purpose of raising funds in this State to aid the National Democratic campaign. The Democratic Party is waging a great contest for the preservation of constitutional government, the equal rights of all the people and special privileges to none. Unlike its powerful opponent the Democratic Party represents a protected interest from which it is demanding contributions as the only means of continued legislative and executive favors, but must depend upon the voluntary offerings of patriotic citizens who believe in present principles and the election of its candidates.

No section of the country is more interested in Democracy than the South, fully realizing that the continued presence of the present administration intensifies the race problem, present with us.

The National Committee have made an earnest appeal for necessary financial aid. We, therefore, urge you and all Democratic friends in every city, town and community in the State to make contributions for the purposes above mentioned. The time is short, so that only prompt action will be avail.

Make checks payable to the National Committee, and enclose same to W. F. Coneham of this city, who will forward to headquarters.

Faithfully Yours,

W. F. COACHMAN, W. H. KNOWLES, J. P. TALLAFERRO, S. M. MULDON, W. J. HILLMAN, T. C. TALLAFERRO, Jacksonville, Fla. Oct. 28, 1904.

## Better Than Pills.

The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels, but improve the appetite and aid the digestion. For sale at 25c per bottle at all drug stores.

## THE NORTHERN GENTLEMAN IN THE SOUTH.

The true Southerner is nothing if not a gentleman, and he treats his Northern brother just as he would expect to be treated were the conditions reversed. Much that has been written about social ostracism in the South has sprung not from the political faith of the one who felt ostracized, but because the newcomer in many cases, perhaps of different social status in his old home, seemed to be very much of the opinion that because he was from the North, he should at once be welcomed to the inner circle of society, no matter how exclusive, or to be taken to the bosom of the first family he comes across.

The Southerner naturally draws the line on the Northern-born politician who hobbles with the aged brother for revenue only, and for the Northern business man, farmer and tourist, no matter how ardent his republicanism, he has a hearty welcome and a respectful consideration.—Frederick B. Gordon, of Columbia, Ga., in Baltimore Southern States' Magazine.

## Save Two From Death.

"Our little daughter had a fatal attack of whooping cough," writes a mother of Arkansas.

## CONFESIONS OF A PRIEST.

Rev. Jno. S. Cox, of Wake, Ark., writes: "For twelve years I suffered from yellow jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by all druggists. Only 50c.
